

With STP you can integrate **electronic transfers** into your fintech!

Take your business model to the next level with STP,
**without traditional operational limitations and with
automation via API!**

**Offer your clients a complete
ecosystem for receiving and
sending money through transfers.**

Operate 24/7, with no limit on amounts and in real time.

**Additionally, you can include
bill payment in your wallet
and increase your income
through commissions.**

With STP, we are always one step ahead!

If your fintech's operation grows, **you can connect it
directly to Banxico through our sister company** to
comply with regulatory requirements.

**Get in touch and learn about the technological
solutions we have for Fintechs!**
